

Trolley for rubber rollers

Mainly designed as ancillary for the PRIMA GRINDER. It allows the handling of two rollers (i.e. one for loading and one in download from the machine to the storage or usage point) in a dimension range from 1100 to 1700 [mm] variable distance between the supports, a diameter up to 300 [mm] and a maximum weight of 400 [kg]. The trolley can be used also to carry mandrels, shafts, sleeves or anilox. It can be designed according customer's request.
